Hi gagandeep,

Thank you for your generous, tax-deductible donation of **\$199.30** to
CataCap Founders Fund in support of impact investing.

This isn't just a donation — it's a bold step toward moving capital where it's needed most. Your gift helps unlock catalytic funding for founders building real solutions to the world's biggest challenges.

You're not just giving. You're investing in what should exist.

This is your **first** venture advancing **climate solutions** — a powerful start, and real capital moving where it can change the most lives.

Why it matters: **climate solutions remain dramatically underfunded relative to the scale of the challenge**. Capital like yours is exactly what helps close that gap.
